**Product Name :**  
Rebreathing Bags, Latex Free (Neoprene)

**Product Code :**  
NMANI10035

**Description :**

Rebreathing Bags, Latex Free (Neoprene)

**Technical Specification :**

Breathing bag for artificial ventilation. Latex-free material is especially important for patients allergic to latex. Standard 22F connection port for quick connection with occlusion-free and leak-free design for lower inflation resistance and easier use. Single-patient to minimize the risk of cross-contamination.
