**Product Name:** 

Battery Handle for Laryngoscope Blades

Product Code: NMLYG10H03

## **Description:**

Battery Handle for Laryngoscope Blades Size: Medium. Type: Polished Finish. Material: Stainless Steel. Suitable for Laryngoscope Blades. Autoclavable

## **Technical Specification:**

Laryngoscope handle offers many clear advantages, including a preferred cold-light technology, a halogen lamp inside the handle, a battery-powered handle made with high quality polycarbonate material.

It uses two 1.5 volt alkaline C-Cells or two 1.2 volt nickel metal-hydride rechargeable batteries.
