(Kingstown), Sint Maarten (Philipsburg), South Georgia and South Sandwich Islands (King Edward Point), Suriname (Paramaribo)

**Technical Specification :**

Emergency Spine Board: The board allows for easy maneuvering with significant reduction of spinal disturbance to the patient. New and improved runners will keep the board raised for easy access lift. The board has larger handholds designed to accommodate gloved hands. Molded-in speed clip pins maximize strapping options. This lightweight one piece molded board is comprised of a combination of tough, space age materials resulting in a hygienically clean surface with no seams, cracks or crevices. X-Ray translucent feature gives an extra clear view of the spinal area, and can even be used for an MRI Emergency Spine Board, Emergency Products Exporters, Emergency Products Manufacturers
