

**Product Name :**  
Multiparameter Soil Testing Kit

**Product Code :**  
NMCBS104002

**Description :**

Multiparameter Soil Testing Kit pH Range 0 to 14pH Temp. Comp. 0oC (Manual) Resolution 0.01pH Accuracy +0.01 pH O.R.P./mV Range N.A. 0 to + 1999 mV Resolution 0.01pH N.A. 1 mV Accuracy N.A. + 1 mV + 1 digit Conductivity Range 1 5 Cell Constant 0.4 - 1.5 Adj Resolution 0.1 Micro mhos Accuracy + 0.5% FS Temperature Range 0o - 100oC Resolution 0.1oC Accuracy +0.1oC + digit T.D.S. Range 1 5 Cell Constant 0.4 - 1.5 Adj Resolution 0.1ppm Accuracy +5% FSD D.O. Range 0-20 ppm N.A. Temp. Comp. 0.1 ppm N.A. Resolution +0.3 ppm N.A. Accuracy 5o to 50o (Manual) N.A. Turbidity Range 0-1000 NTU/JTU N.A. Resolution 1 NTU/JTU N.A. Multiparameter Soil Testing Kit, Digital Water & Soil Analysis Kits exporters, Digital Water & Soil Analysis Kits manufacturers

**Technical Specification :**

The Multi Parameter Soil Field Test kit is a color chart and drop count based kits.

This kit is supplied in a sturdy and compact carry case with sufficient extraction reagents and parameter reagents in liquid/tablet/pouch form along with all the necessary accessories including the filter papers for filtration purpose.

Multi-parameter soil field test kit is available in 100 tests and 25 tests pack.
